Comments D.T 19 - Badly contaminated with bird po
 I've wrapped it in it's own plastic Bag. Left
 filters in old funnels and debris (five needles &
 spiders) we need better filters. Fini they are
 still too hard to work with. All sample's bottles (3)
 off to fridge with paper work. All old bottles and funnels
 at back of container to the forestry. Regard David

P.S

Rinsed out beaker and Big drum with deionised water
 Left some also in Big drum.
